PUBLIC NOTICE

ANTIDEGRADATION ALTERNATIVES ANALYSIS FOR NORTHERN NATURAL GAS COMPANY

OGDEN COMPRESSOR STATION

Notice Date: November 10, 2021

Notice is hereby given that Northern Natural Gas Company has completed a draft Antidegradation Alternatives Analysis for discharge of treated wastewater to East Beaver Creek. The action being considered is addition of treatment chemicals utilized to adjust pH of the effluent at the Ogden Compressor Station. East Beaver Creek is protected for Class A2 secondary contact recreational, and B(WW-2) warm water beneficial uses.

Anyone wishing to comment on the proposed alternative must do so in writing within 30 days of the date shown at the top of this notice. Comments may be submitted to Northern Natural Gas Company by hand delivery, mail or email: Naomi Cavalieri, Northern Natural Gas Company, 1111 South 103rd Street, Omaha, NE 68124, 402-398-7847, Naomi.Cavalieri@nngco.com.

Copies of this notice and the draft Antidegradation Alternatives Analysis are on file and available for public inspection from 8:00 AM to 4:30 PM Monday through Friday at the above address. Copies of this information may be requested by contacting Northern Natural Gas Company at 402-398-7847 or the above email address. Northern Natural Gas Company will submit a summary of comments received and Northern Natural Gas Company's responses to the Iowa Department of Natural Resources with the final Antidegradation Alternatives Analysis subject to IDNR review and approval.
