

PUBLIC NOTICE Boone County

FROM THE OFFICE OF THE COUNTY ENGINEER

As the winter season approaches, the County Engineer would like to remind the rural residents and travelers about the County's Snow Ordinance. Adopted in 1995, this ordinance was implemented due to economics and liability.

After a snowfall, the initial effort is to open paved roads at least to one lane traffic as soon as possi-

ble. Further opening of hard surfaced roads and the clearing of gravel roads then follows. Normal snow removal hours are 7:30a.m. to 4:00p.m. When conditions deem necessary, crews will be on the job from 5:00 a.m. until dark. Paved roads will be sanded during normal working hours. Boone County will not provide a "dry" pavement condition.

The ordinance advises motorists

to drive according to the conditions. Motorists should reduce their speed at least 25 m.p.h. below normal driving conditions. Drivers should use extra caution at intersections, railroad crossings, curves, hills and bridges.

A copy of the complete Boone County Snow Removal Ordinance No. 63A is available on the Boone County Website or in the County Engineer's Office.
