Mayor's Comments. Mayor Good thanked everyone for their help with clean up. OMU, fire, police and city employees have been working hard responding to calls and working to clear streets and restore power to the residents of Ogden. It is so awesome to see neighbors helping neighbors and working together for our small town. Mayor Good encouraged council and everyone to help when and

Mayor Good declared the City of Ogden a state of emergency authorized under Iowa State Statute and will execute the expenditure of emergency funds from all available sources, the invoking of mutual aid agreements and applying to the State of Iowa for assistance due to the severe thunderstorm that produced damaging straight line winds that occurred on Monday, August 10th, 2020 causing severe damage to public and private property, disruption of utility service and endangerments of health and safety of the citizens of Ogden within the disaster area. Any information will be collected and shared with the Iowa Department of Homeland Security and Emergency Management and shared with our local Boone County Emergency Management.
Council Member's Comments. Brian

Reimers asked about some areas that could possibly be available for trees. After much discussion the council felt Lincoln Prairie Park was the best place for now. Only brush and limbs from the recent storms can be dropped off at the park and city employees will be picking up from curbside. This is just a temporary location due to the recent storms.

Motion by Ohlson, second by Liston to adjourn at 7:50 p.m. Ayes: All Present, Motion Carried.

DEPARTMENT OF HOMELAND SECURITY FEDERAL EMERGENCY MANAGEMENT AGENCY Proposed Flood Hazard Determinations for Boone County, Iowa and

Incorporated Areas The Department of Homeland Security's Federal Emergency Management Agency has issued a preliminary Flood Insurance Rate Map (FIRM), and where applicable, Flood Insurance Study (FIS) report, reflecting proposed flood hazard determinations within Boone County, lowa and Incorporated Areas. flood hazard determinations may include the addition or modification of Base Flood Elevations, base flood depths, Special Flood Hazard Area boundaries or zone designations, or the regulatory floodway. Technical information or comments are solicited on the proposed flood hazard determinations shown on the preliminary FIRM and/or FIS report for Boone County, Iowa and Incorporated Areas. These flood hazard determinations are the basis for the floodplain management measures that your community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program. However, before these determinations are effective for floodplain management purposes, you will be provided an opportunity to appeal the proposed information. For information on the statutory 90-day period provided for appeals, as well as a complete listing of the communities affected and the locations where copies of the FIRM are available for review, please visit FEMA's website at www.fema.gov/plan/prevent/ fhm/bfe, or call the FEMA Mapping and Insurance eXchange (FMIX) toll free at 1-877-FEMA MAP (1-877-336-2627).
